- Reorganized Compete Reporting project for Microsoft, enabling competitor performance tracking using Azure Synapse Analytics and Synapse SQL. Created dynamic reports in Power BI for financial insights.

SKILLS

Languages: Dart, C, C++, NoSQL, MySQL, JavaScript
Technologies: Flutter, Firebase, RestAPI, Bloc, Provider, Node.js/Express.js, Git/Github, Clean Architecture
Operating System: Windows, Linux(Ubuntu)
Core Concepts: OOP, DBMS, DSA

PROJECTS

Talkify   github.com/chat-app
- Designed and developed a fully functional mobile chat application with a focus on real-time communication.
- Implemented one-to-one chat functionality, allowing multiple users to communicate privately.
- Tools Used: Dart, Flutter, Node.js, Express.js, Socket.io, MongoDB, Bloc state management, Clean Architecture

FarmFresh   github.com/food-app
- Created a mobile app enabling users to sign in via Gmail, add fresh products to wishlist or cart, and make purchases using Google Payments.
- Tools Used: Dart, Flutter, Firebase, Provider, Clean Architecture

RentMyRide   github.com/car-rental-app
- Built an application, enabling users to rent luxury cars at affordable prices with real-time data management.
- Tools Used: Dart, Flutter, API, Bloc state management, Clean Architecture

MovieLens   github.com/movie-info-app
- Designed and developed a mobile application providing users with a streamlined trending, popular movies and search feature for quick access to essential movie information, including posters, titles, and detailed descriptions.
- Tools Used: Dart, Flutter, API, Bloc state management, Clean Architecture

Arise   github.com/alarm-app
- A cross-platform alarm app with customizable features, built using Flutter and Kotlin for intuitive time management.
- Tools Used: Dart, Kotlin, Flutter, Bloc state management, Clean Architecture

ACHIEVEMENTS

- ICPC Regionalist 2021
- Rank 1 in CodeJam Organized by ABESIT
- Rank 1 in CODEBYTE 2.0 Organized by ABESIT
- Global Rank 8 (College Rank 1) in CODEHUNT Coding contest Organized by ABESIT
- Pupil (max rating 1226) on Codeforce
